Clinical Documentation Improvement - PDF, Customer Service

Proven results in clinical documentation for over 20 years A strong clinical documentation improvement program is a strategic imperative for navigating the challenges of the changing reimbursement landscape.

Proven Results in Clinical Documentation is an Imperative

Position Description: The Clinical Documentation Improvement Specialist (CDIS) will be responsible for demonstrating competency in coordinating and performing day to day operations, providing

WORK PROCESS SCHEDULE AND RELATED INSTRUCTION OUTLINE

An advanced approach to clinical documentation improvement addresses all payers and all care settings, a program driven by physicians. While still optimizing providers'™ work in the current fee-for-service reimbursement model, advanced CDI must help prepare health systems for the future of value-based care and focus on quality scorecards.

For Local Health Departments. Local health departments work to improve the health of people and communities in North Carolina. Support resources that the division provides to health departments include generalized nursing consultation, administrative consultation, and accreditation.

NC Public Health: For Local Health Departments

by Torrey Barnhouse, BS and William "Bill" Rudman, PhD, RHIA. Abstract. As healthcare reform and technology further define the role and work expectations of the health information management professional, the need for clinical documentation specialists (CDSs) is likely to expand.

The Growth in the Clinical Documentation Specialist Profession

Introduction. A range of factors drives clinician burnout, including workload, time pressure, clerical burden, and professional isolation [1]. Clerical burden, especially documentation of care and order entry, is a major driver of clinician burnout.
